QUICK GUIDE HELP & DVD PROGRAMS

The QUICK GUIDE is a colourful A5 booklet of 32 packed pages that shows & introduces all the products. Ideal for total beginners, but it leads right through to developed & artistic approaches. Molten Wax Coloured Blocks used with a small & light low heat iron make fantastic & simple to create effects - great for "Quick Cards". But as you go on & "Learn the Skills" whole new possibilities & potentials for developing your unique creativity emerge. It is at this point that you will want to understand how to approach "A Bigger Picture". "Exploring Ideas" looks into approaches using hotplate & hotair techniques. A fascinating 2 hour programme featuring artists John Buckland (on hotplate), Beanie Cronion (on canvas), Anna-Maria Aigner (on collage) & Michael Bossom. "From Hobby to Art" is by Elisabeth Van Uden, who explores blown Hot Air basics & a number of Hotplate techniques using many various tools. An enjoyable & informative 100 minutes with nice harp music too.
